Features of the jaiviksetu

[21st.dev - The NPM for Design Engineers](#)

Key Features of JaivikSetu 🌱

✅ 🌾 **Direct Farmer-to-Consumer Connection**
Buy directly from **verified organic farmers**, ensuring **fresh, chemical-free produce** without middlemen.

✅ 🔍 **QR Code-Based Product Traceability**
Scan QR codes to verify **farm details, organic certification, and farming methods** before purchasing.

✅ ⚖️ **Fair & Transparent Pricing**
Farmers **set their own prices**, ensuring **fair earnings** while consumers get **affordable organic food**.

✅ 🚚 **Smart Delivery System**
Instant deliveries for **nearby farms** via **Blinkit, Dunzo** & nationwide shipping via **DHL, Delhivery**.

✅ 🛡 **Certified Organic Marketplace**

Only **genuine, certified organic farmers** can list their products, ensuring **authenticity and trust**.

✅ 💰 **Secure Payments & Easy Transactions**

Multiple payment options (**UPI, Bank Transfer, Wallets, COD**) with **real-time order tracking**.

(Add whichever you want)
